ITEM AND DESCRIPTION

Shawnee County is soliciting bids for shoreline stabilization at the Horseshoe Bend Park pond per the following minimum specifications.

SCOPE OF PROJECT

Overview:

Shawnee County Parks + Recreation (SCP+R) is requesting proposals from vendors to stabilize shoreline at Horseshoe Bend Park by performing minimal dredging, sloping of bank, placement of 18-24" rock (rip rap), backfill or top coat disturbed areas with topsoil, and reconstruction of walk connections if broken or cracked. Vendor shall warranty all work and meet or exceed safety standards and environmental requirements.

Background and Site Evaluation:

Horseshoe Bend Park is a 5.8-acre park with a small 1.75-acre pond situated on the east side of the park. Due to the slope of the surrounding parkland, much of the 1300 linear feet of shoreline has degraded and is in need of replacement in order to stay safe and prevent further erosion. A walkway is installed around the pond and may require repair or replacement following the bank stabilization. Any necessary walk repairs will be part of this project as needed.

Bidders are expected to inspect and evaluate the location prior to submitting a proposal. Failure to adequately inspect the premises shall not relieve the vendor from furnishing requested goods and services without additional cost to the County.
