All partnerships developed and maintained with Shawnee County Parks and Recreation should adhere to common policy requirements. These include:

- Each partner will meet with or report to Shawnee County Parks and Recreation staff on a regular basis to plan and share activity-based costs and equity invested.
- Partners will establish measurable outcomes and work through key issues to focus on in the coming year to meet the desired outcomes.
- Each partner will focus on meeting a balance of equity agreed upon and track investment costs accordingly.
- Measurable outcomes will be reviewed quarterly and shared with each partner with adjustments made as needed.
- A working partnership agreement will be developed and monitored together on a quarterly or as-needed basis.
- Each partner will assign a liaison to serve each partnership agency for communication and planning purposes.

Recommendations for Public/Private Partnerships

The recommended policies and practices for public/private partnerships that may include businesses, private groups, private associations, or individuals who desire to make a profit from use of Shawnee County facilities or programs are detailed below. These can also apply to partnerships where a private party wishes to develop a facility on park property, to provide a service on publicly owned property, or who has a contract with the agency to provide a task or service on the county's behalf at public facilities. These unique partnership principles are as follows.

- Upon entering into an agreement with a private business, group, association or individual, the Shawnee County Parks and Recreation Department staff and political leadership must recognize that they must allow the private entity to meet their financial objectives within reasonable parameters that protect the mission, goals, and integrity of the county.
- As an outcome of the partnership, Shawnee County Parks and Recreation must receive a designated fee that may include a percentage of gross revenue dollars less sales tax on a regular basis, as outlined in the contract agreement.
- The working agreement of the partnership must establish a set of measurable outcomes to be achieved, as well as the tracking method of how those outcomes will be monitored by the department. The outcomes will include standards of quality, financial reports, customer satisfaction, payments to the department, and overall coordination with the department for the services rendered.
- Depending on the level of investment made by the private contractor, the partnership agreement can be limited to months, a year, or multiple years.
- If applicable, the private contractor will provide an annual working management plan, and they will follow to ensure the outcomes desired by Shawnee County Parks and Recreation. The management plan can and will be negotiated, if necessary. Monitoring of the management plan will be the responsibility of both partners. The department must allow the contractor to operate freely in their

best interest, as long as the outcomes are achieved and the terms of the partnership agreement are adhered to.

- The private contractor cannot lobby city or county advisory or governing boards for renewal of a contract. Any such action will be cause for termination. All negotiations must be with the Shawnee County Parks and Recreation Department Director or their designee.
- The agency has the right to advertise for private contracted partnership services, or negotiate on an individual basis with a bid process based on the professional level of the service to be provided.
- If conflicts arise between both partners, the highest-ranking officers from both sides will try to resolve the issue before going to each partner's legal counsels. If none can be achieved, the partnership shall be dissolved.
